

Internship Program

At Eterna Counselling & Wellness, we prioritize providing effective counselling services to people and we make every effort to provide services to those seeking support regardless of financial constraints.

Striving to meet the needs within our community, we have created an Internship Program. Interns are part of the clinical training program at Eterna Counselling & Wellness and they have/or are pursuing their master’s degree at an accredited university. They have completed all counselling related courses and are acquiring counselling hours in order to complete their education. They are specializing in counselling with individuals, families and groups and receive direct on site supervision by Eterna Counselling’s clinical directors to maintain a consistently superior standard of service. Interns have to pass a rigorous interview process and those selected are therapists with experience in providing services to the community and who align themselves with the mission and vision of Eterna Counselling & Wellness. All sessions are either audio/video recorded.

Individuals (adults, children, and youth), couples and families can work with an intern therapist at a reduced rate. Fees range on a sliding scale based on gross family income, as per the following rate schedule:

Under \$30,000) (on Income Assistance, EI or Parental leave)	\$0/hour
Under \$30,000	\$10/hour
\$30,000 - \$39,000	\$25/hour
\$40,000 - \$49,000	\$35/hour
\$50,000 - \$59,000	\$45/hour
\$60,000 - \$69,000	\$55/hour
\$70,000 - \$79,000	\$65/hour
\$80,000 +	\$75/hour

Please contact our office for more information.

Internship Training Program

Are you a master's level social work student wanting to specialize your practice in the area of counselling? Are you looking for a challenging and innovative internship placement where you will learn counselling skills from supervisors with a combined 35+ years of experience?

We welcome applications from all students who wish to explore working in our office. Please send us your resume and cover letter which includes your philosophy of counselling and why you want to complete your internship with us.
